

Tambah module admin

- user management

- xde arrow,just straight line

- include/extend

- label index(like US001)

Betulkan State Machine

Alternate flow bukan dash(-)

Guna A1.1

Sequence diagram strong

related to class diagram

Notation guna method

Guna Model View Controller-
(bukan Engineer ,system,
repository)

Sequence diagram (Flow
process by process sampai
patah balik)

Correction hantar time nak
hantar deliverable 3
