Project Part #4: Concept Video

Subject	:	Human-Computer Interaction (SECV2113)
Session	:	2025/2026 Semester 1
Lecturer	:	Ts. Dr. Sarina binti Sulaiman
Title	:	Project Part #4: Concept Video
Blog Post Deadline	:	4 Days (30 December 2025 until 2 January 2026 before 12.00 am)
Submission	:	This is a GROUP WORK and submit it INDIVIDUALLY Upload URL for blog (in Google Document) for a group submission and via UTM E-learning for an individual submission

Instruction:

1. Produce a (3 - 5 minutes) video showcasing the concept of your design solution
2. Act out scenarios that highlight:
 - the problem from perspective of user
 - key aspects (UIUX) of your solution
 - and the impact of your proposed solution
3. Please include English subtitles for your video (Even if the dialogue spoken in the video is in English)
4. Insert a standardized introduction to the video – can get the intro [HERE](#)
5. The video must not be more than 5 minutes long, and in common format such as .avi, .mp4
6. Make sure the video is visually appealing with effective scenarios or storytelling.
Please utilize creative video editing. See previous video examples done by your seniors [HERE](#)
7. Each group needs to upload the video to YouTube. Next, share the link at your blog and also write the URL in the spreadsheet [HERE](#) (Refer to the sheet tab for your own section)
8. The concept video will be marked as part of Project #4. Refer the Project #4 instructions for the rubric

9. The Best Videos stand to win cash prizes! The winners (First, second and third places) will be announced during **HCI DAY 2025/2026 (Section level) on 5 January 2026, Monday**. Finally, we will have **HCI DAY 2025/2026 (Faculty level) on 16 January 2026, Friday**. **The first winner for this section will compete at HCI DAY 2025/2026 at our faculty level.** ***DO YOUR BEST AND GOOD LUCK!***
